COURSE OBJECTIVES

The background features a light blue circular graphic containing stylized illustrations of students and mathematical symbols. On the left, a student in an orange shirt and blue pants stands next to a stack of books. In the center, a student in a blue shirt and orange pants is writing on a large blue circle. On the right, another student in an orange shirt and blue pants stands near a large orange pi symbol (π). Various other symbols like a large orange '5', a blue plus sign, and a blue pencil are also visible.

1. To make students aware of different methods to solve problems faster and minimize the time taken to answer questions in competitive examinations.
2. Students will be better equipped for competitive examinations as problem solving techniques will aid mental calculations and improve problem solving speed.
